Digital Inspirations Web Classes

Digital Inspirations are great sessions to take after you and your customers have completed the Done-in-Four series. You'll get tips and techniques, motivation and inspiration to help you with your StoryBooks and other digital projects. You and your customers will get ideas, inspiration and even a few fun design tips during our time together!

Once registered for a class, you'll receive an e-mail reminder on the day of the class. Five or 10 minutes before the Webinar begins, click on the link provided in the e-mail and you will join the training session.

You will be prompted to download a small piece of software the first time you join. This required step is quick and safe and allows you to see the presenter's screen on your computer and hear their voice through your computer speakers.
